SHIP BOOM FOR OAKLAND.

Oakland, Cal., Nov. 11.—Every month for the next six months a new ship will take the water in Oakland's inner harbor. This is the prediction of shipbuilders who are caught in the midst of the \$50,000,000 boom which has struck local maritime circles.

The Capto, a 7,500-ton steel freighter, has just been launched and on top of that has come a 10,000-ton vessel from the ways of the Union Iron Works, a Charles Schwab subsidiary. This steel steamship, more than 400 feet long, slid into the water today.

Tobacco Habit BANISHED in 48 to 72 Hours

No craving for tobacco in any form when you begin taking Tobacco Reducer. Don't try to quit the tobacco habit by will. It is a losing fight against heavy odds and means a serious shock to the nervous system. Let the tobacco habit quit you. It will quit you, if you will just take Tobacco Reducer, according to directions for two or three days. It is a most marvelous quick and thoroughly reliable remedy for the tobacco habit.

Not a Substitute

Tobacco Reducer contains no habit-forming drugs of any kind. It is in no sense a substitute for tobacco. After finishing the treatment you have absolutely no desire to use tobacco again or to continue the use of the remedy. It makes not a particle of difference how long you have been using tobacco, how much you use or in what form you use it—whether you smoke cigars, cigarettes, pipe, chew plug or fine cut or use snuff. Tobacco Reducer will positively banish every trace of desire in from 48 to 72 hours. This was absolutely guaranteed in every case or money refunded. Write today for our free booklet showing the scientifically effected tobacco upon the human system and positive proof that Tobacco Reducer will quickly free you of the habit. COPPER TRADE GROWS AT REMARKABLE RATE

Huge Orders Placed by Allies Will Be Filled in Coming Year.

Special to The Washington Herald.
New York, Nov. 11.—Negotiations attending the new inquiry of France in this market for copper metal call attention to the remarkable expansion of the copper trade this year. Aside from the domestic demand for the red metal, which has been enormous, contracts from abroad have been record-breaking. In April last Great Britain, for herself and on behalf of her allies, bought a record tonnage here of 400,000,000 pounds, which, at the time, seemed to threaten an exhaustion of the supply on this side of the Atlantic. But since then great strides forward have been made in production with the result that the market, while practically stripped of spot supply, can see its way clear to fill next year an additional order from the allies of 48,000,000 pounds, placed in September last, and to consider an inquiry from France for 100,000 tons additional.

The 20-point gain in Gulf States Steel Friday increased rather than reduced the bullish sentiment on the stock. The amount is so small that under an active speculative coterie it could be advanced to much higher prices. All it seems to be doing is to reflect naturally the increase in earnings and the very remarkable outlook after January 1. Having crossed United States Steel common, Gulf States is now the highest priced stock of its class, next to Bethlehem Steel.

Woman Becomes River Pilot.
Greenville, Miss., Nov. 11.—Mrs. Dovie V. Jewell of this city, has just successfully passed the government examination and been granted a river pilot's license. For three years she has "run the river" on her father's boat and now she knows the Mississippi like a book and can direct the largest boat afloat.

The fine and applied arts are under direction of Michel Jacobs and Felix Mahony, both well known artists of this city.

The reception will be during the afternoon and evening.

CARY MAY HEAD NEW HOUSE D. C. COMMITTEE

Wisconsin Representative, Ranking Republican on Body, Re-elected.

Particular interest for District residents is attached to the announcement from Milwaukee that Representative William J. Cary, of the Fourth Wisconsin district, has been re-elected by a majority of 1,141.

Representative Cary is the ranking Republican member of the House District Committee, and with a Republican majority in the Sixty-fifth Congress, which is the present outlook, he will be chairman of the next District Committee.

In his service on the District Committee, Representative Cary has been much more liberal in his attitude on District legislation than Representative Ben Johnson, of Kentucky, the present chairman. He was a pioneer advocate of policemen's and firemen's pension legislation, and favored a broader pension act than that passed at the last session. He is also on record as favoring an adequate teachers' retirement fund.

The change in control will bring a change in the chairmanship of the other committees. Ranking Republican members on these committees who would be logical leaders for these places are: Agriculture, Representative Hugen; Appropriations, Representative Gillett; Banking and Currency, Representative Hayes, of California; Education, Caleb Powers, of Kentucky; Foreign Affairs, Representative Cooper, of Wisconsin; Flood Control, Representative Hodges, of Illinois; Immigration, Representative Hayes, of California, and Indian Affairs, Representative Campbell, of Kansas.

PLAN EXHIBIT FOR ELECTRICAL WEEK

An electrical show will open the celebration of American Electrical Week in Washington on December 2, when cities of the United States and Canada, set aside eight days in which to pay tribute to electricity.

The celebration, directing arrangements for the celebration in this city, has selected all arrangements for an automobile parade and a continuous exposition of electrical things at 1212 G street northwest. Entries of classified exhibitions by local dealers are being collected by Charles M. Marsh, chairman of the committee.

The electrical show will be open continuously from 11 a. m. to 11 p. m. and admission will be free.

VIRGINIA COMMUTERS FORM ORGANIZATION

The Old Dominion Protective Association has announced the election of officers and the establishment of offices at 415 Fifth street, northwest. "Mutual protection of patrons, commuters and shippers" living along the line of the Great Falls and Bluemont branches of the Washington and Old Dominion Railway Company, is the purpose for which the association was organized, according to its charter.

The following have been elected officers: Herman E. Gash, Prospect Hill, Va., president; E. B. White, Leesburg, Va., president; and John Smithdeal of Cherryle, secretary and treasurer.

\$2,500,000 a Day for Drink.

London, Nov. 11.—Britain is still wasting a prodigious amount of drink. Speaking at a temperance meeting, Donald Maclean, deputy chairman of committees of the house of commons, stated the nation is now spending \$2,500,000 a day on intoxicants.

FOR IMPARTIAL VOTE PROBE.

Department of Justice Promises Democrats Will Not Be Spared.

The government's investigation of suspected cases of fraud in the recent elections will be strictly non-partisan, with prosecutions as vigorous against Democrats as Republicans in case violations are uncovered, it was officially announced yesterday at the Department of Justice. No information has reached the Department of actual instances of fraud, but large forces of inspectors still are busily engaged in an effort to run down reports of irregularities. Reports of inspectors are being sent to Frank C. Dailey, special investigator of the Department of Justice at Chicago, under whose direction the probe is being conducted.

CREDIT MEN PUSHING WAR ON BAD CHECKS

Closer co-operation among the credit men of Washington was the determination of those who attended the meeting of the Credit Men's Section of the Retail Merchants' Association on Thursday night in the Metropolitan Hotel in connection with the section's regular bimonthly dinner.

It was voted that the Credit Bureau of the Retail Merchants' Association should be made the repository of all credit applications and likewise of all overdue accounts. Arrangements have been perfected by Secretary Charles J. Columbus to place this fund of information at the ready disposal of members.

Announcement was made that a committee representing the Bankers' Association, headed by Corcoran Thom, would co-operate.

CAMPAIGN TO ABOLISH ELECTORAL COLLEGE

In many parts of the country sentiment is making itself felt for a Federal amendment abolishing the electoral college and establishing the direct popular election of the President and Vice-President, just as was done in the case of Senators a few years ago.

Due to the electoral college system, it is entirely possible for a candidate with a minority popular vote to gain a majority of the electors and be elected.

The electoral college has long been the butt of cartoonists and paragraphers. No legal restraint is placed upon them to vote except as their judgment dictates. They simply have a moral restraint to choose the men their constituents expect them to vote for.

From the South's sunny fields

Expert tobacco men say that the sun-flooded soil of Virginia and North Carolina yields the finest-quality cigarette tobacco that grows anywhere.

That's what Piedmonts are made of—Virginia-Carolina tobacco. Golden and mellowed by the sunshine of the south.

Look for that agreeable liveliness and zest in Piedmonts, that is called character—because Virginia-Carolina tobacco is the only kind that can give a cigarette this character.

VIRGINIA-CAROLINA TOBACCO PAYS NO DUTY—ALL THE VALUE IS IN THE CIGARETTE.

"A package of Piedmonts, please."

Piedmont
The Cigarette of Quality

10 for 5¢
Also Packed 20 for 10¢

The tobacco leaf in all its glory, in a typical Virginia field.

NOTE:—It is impossible to sell a package of 10 cigarettes of all Turkish tobacco for 5c. Not that this Turkish tobacco costs more than Virginia-Carolina, but because duty, ocean freight, marine insurance and expensive handling charges must be added to the cost of all Turkish tobacco. But Piedmonts, made of highest-grade Virginia-Carolina tobacco, have none of these valueless expenses. All their value is in each cigarette.
